MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Company's assessment performance for the year ended 31st March, 2024, and the outlook for the current year are based on the current environment and business situation. However, unforeseen circumstances and those arising from external factors could affect the performance and the results.

1. GLOBAL ECONOMIC OUTLOOK, INDIAN ECONOMY OUTLOOK AND OVERVIEW OF MARKETS AND INDUSTRY STRUCTURE:

INDUSTRY STRUCTURE AND BUSINESS OVERVIEW:

GLOBAL ECONOMY:

The global economy demonstrated remarkable resilience in Calendar Year ('CY') 2023, growing at a rate of 3.2%, despite geopolitical headwinds and volatility in commodity prices which resulted in inflation across advanced and emerging economies. Central banks around the world have raised policy rates significantly over the past two years, to curb the spiralling rise in prices.

Inflation rates decreased more rapidly than anticipated from their peak in CY 2022, resulting in gradual growth in economic activity and employment in the US, Europe and other emerging economies. However, geopolitical tensions continued to disrupt supply chains and global trade and commerce.

The economy of China continued to demonstrate stress during the course of 2023, affected by the downturn in its property sector. China, being a large economy with huge manufacturing capacities and supply chains, may pose an underlying threat to global economic growth.

However, many emerging economies such as India, Vietnam and Mexico experienced robust growth, benefiting from a relocation of global supply chains away from China along with increased capital inflows from foreign institutional investors.

Global inflation rates are gradually descending. In late 2023, headline inflation neared pre-pandemic levels for most economies since the start of the global inflation surge. Inflation forecasts from the International Monetary Fund (IMF) suggest that inflation will decline as the cooling effects of high policy rates intensify in several economies.

INDIAN ECONOMY:

The Indian economy sustained its position as one of the fastest growing major economies in the World. According to estimates by the National Statistical Office (NSO), India has reported a GDP growth of more than 8.2% in Financial Year ('FY') 2024 as compared to a growth rate of 7.0% in FY 23.

The Indian government's focus on infrastructure development has significantly contributed to growth. The National Infrastructure Pipeline (NIP), introduced in 2019 emphasizes social and infrastructure projects including energy, roads, railways, and urban development projects worth H 102 lakh crores, and is complemented by PM Gati Shakti Master Plan which is dedicated to improving India's logistics network.

The Reserve Bank of India ('RBI') monetary policy tightening has been effective in addressing inflation. India's retail inflation, measured by the Consumer Price Index (CPI), was at 4.8% in April 2024 and remains in the RBI's tolerance band, set at 2.0% to 6.0%.

INDUSTRY TRENDS:

The global food service industry was valued at US\$ 3,483.5 billion in CY 2023. The demand for food services is expected to grow at an average of 5.3% Compound Annual Growth Rate ('CAGR') between 2023-2033, to US\$ 5,705.0 billion by 2033.

The evolution of user-friendly apps and technology led rider networks has transformed the ready-to-eat food delivery market significantly. Global eating habits are rapidly changing, driven by busy lifestyles that demand convenient meal solutions such as meal kits, grab-and-go options, and delivery services. There's also a growing consumer focus on health, leading to increased demand for 'free-from' products catering to food intolerances and preferences like organic, gluten-free, antibiotic-free and plant-based foods. Consumers also have higher expectations for food quality, presenting complexities for restaurants in managing operations while striving to cater to a variety of tastes.

Social media has profoundly influenced food service, enabling consumers to access their preferred foods instantly through digital platforms. This shift is part of a dynamic on-demand landscape, compelling the food service industry to adapt quickly to changing consumer behaviours. Moreover, there is a discernible change away from traditional customer engagement methods towards Omni channel and multichannel strategies, focusing on digitalization, customer retention, and Point-of Sale management.

2. OPPORTUNITY & THREATS:

OPPORTUNITIES:

Increasing Disposable Income:

Rising disposable incomes in India are driving higher expenditures on dining out and the exploration of new culinary experiences. This trend creates opportunities for food service providers to meet changing consumer preferences by introducing diverse and innovative food choices.

Adoption Of Technology And Automation:

The food service industry is increasingly adopting technologies like self-ordering kiosks, app ordering, kitchen automation, order management systems, and digital marketing to improve efficiency and enhance customer experience. This presents opportunities for restaurants to streamline their operations, reduce costs, and improve customer satisfaction and engagement through technological innovations.

Prominence Of Online Food Delivery Platforms:

Technological advancements, including online food delivery platforms and digital payment systems, are revolutionizing India's food services market. The widespread use of smartphones and internet access has simplified the process of ordering food online, creating growth opportunities for food delivery services and aggregator platforms to broaden their customer base.

Potential For Consolidation And Organised Growth:

The organised food service segment is expected to surpass the unorganised segment by 2025-26, driven by expansion of domestic and international chains. This trend could lead to consolidation opportunities and increased investment in the organised food service space. Larger players may look to acquire smaller, successful brands to diversify their portfolios, while smaller players might seek partnerships to compete more effectively in an increasingly organised market.

THREATS:

Natural Disasters and Health Crises:

Assess the vulnerability of the business to natural disasters (e.g., hurricanes, earthquakes) and health crises (e.g., pandemics) and describe contingency plans.

Regulatory Changes:

3. CHALLENGES:

Intense Competition:

The Indian food services market is characterized by intense competition with a vast array of players ranging from local eateries to international restaurant chains. Most organized players have also expanded at a rapid pace. This intense competition makes it challenging for existing players to gain significant market share.

Cloud Kitchens:

Cloud kitchens, also referred to as virtual or dark kitchens, are dedicated entirely to fulfilling online food delivery orders and operate without dine-in options. Cloud kitchens can become increasingly significant in the Indian food services sector, as they are favoured for their cost-efficiency, particularly in urban areas characterized by high real estate expenses

Changing Consumer Preferences:

Meeting the evolving needs of consumers, such as shifts in dietary preferences, often necessitates ongoing innovation. For example, customers are becoming more discerning about the nutritional value of their meals which requires restaurants to adapt and keep up with customer preferences

Higher Inflation:

Increasing costs of food, fuel, freight, utilities and real estate can drive up menu costs and decrease consumer spending and footfalls. Moreover, in an inflationary environment, consumer sentiment is dampened leading to lower demand in the food services industry.

Maintaining Consistent Quality And Food Safety Standards:

Quality and food safety are paramount concerns for consumers in the Indian food services market. Ensuring consistent quality across multiple locations and maintaining stringent food safety and hygiene standards can be a formidable challenge. Adhering to regulations, managing complex supply chains, and implementing robust quality control measures are crucial for food service providers to maintain consumer trust and mitigate potential health risks. The diverse and complex nature of the Indian market, coupled with varying regional preferences and regulatory frameworks, further exacerbates the challenges associated with maintaining consistent quality and food safety standards across different regions and locations.

4. OUTLOOK:

The Company sees promising growth opportunities in the medium to long term, driven by economic advancements and the expanding organized QSR sector in India and Indonesia as we expect increase in consumer spending's from current levels, improvement in macroeconomic and geopolitical environment. INDEPENDENT AUDITOR'S REPORT

To the Members of **Univa Foods Limited (Formerly Kown as Hotel Rugby Limited)**

Report on Indian Accounting Standards ("IND AS") Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements **Univa Foods Limited (Formerly Kown as Hotel Rugby Limited)** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the standalone Statement of Profit and Loss (including other comprehensive income), Statement of Cash Flows and the standalone statement of Changes in Equity of the year then ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "Ind AS standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the aforesaid standalone Ind AS standalone Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the financial position of the Company as at 31st March, 2024, and its Profit including other comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

The Company's Board of Directors is responsible for other information. The other information comprises the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Ind AS financial statements and our auditor's report thereon.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013, read with the companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If

we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS financial statements that individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance 168 Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of company's internal financial control over financial reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
